GETTING STARTED

THE SESSION IN PERSPECTIVE

THE VISION BUILDING DAY 1 SESSION

First, we will review all the tools we implemented in the Focus Day™ session. We want to make sure the tools are working for the leadership team and help everyone towards mastery of each tool. From there we will go to work answering The 8 Questions™ in the V/TO™. The goal is to crystallize the vision of the leadership team, getting everyone on the same page. We will start by discovering the organization's Core Values, then determine the Core Focus™, and finally, if time permits, define the 10-Year Target™.

PARTICIPANTS

The leadership team of the organization.

TIME

Full Day, 7 hours +/- an hour

SESSION OBJECTIVES

After completing the Vision Building Day 1 session, participants will have:

- Progressed towards mastering the Focus Day Tools
- Progressed towards establishing a clear vision for the organization
- Progressed towards establishing a clear plan to achieve the vision
- Progressed towards clarifying their issues (Issues List)

AGENDA

SETUP AND CHECK-IN

OBJECTIVES:

1. Set the stage, review objectives and agenda
2. Start with good news, get an update (listen for issues)
3. Identify issues
4. Make sure expectations are clear and achievable

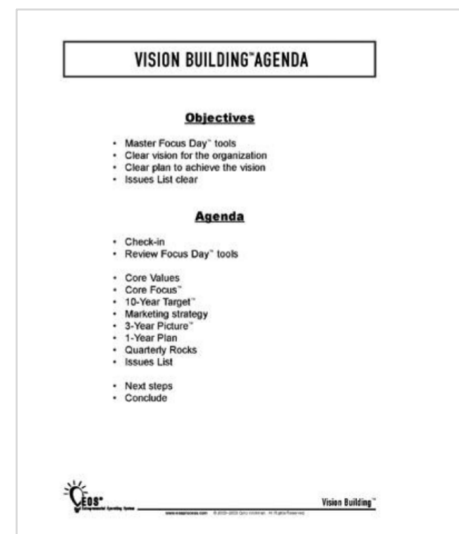

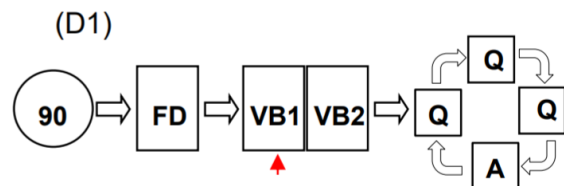

TEACHING AND FACILITATION

Are we all ready to begin?

- The Process – refer to the EOS Process; you are here (D1)
- The Model – 80%+ strong in all Six Key Components
- **Objectives and Agenda** (Write 2 days next to Objectives)
- Review Objectives (**LTM VB Agenda Page**); everyone 100% on the same page
- Review the Agenda (**LTM VB Agenda Page**)
- Objective driven; not agenda driven; more about quality than quantity of the work; wherever we end we will simply pick up there in VB2
- The goal is to complete 10-Year Target (VB1); complete all (VB2)
- Questions, comments, or concerns?

LTM PAGES AND DIAGRAMS

Setting Expectations

TEACHING AND FACILITATION

Check-In 30 MIN (LTM 1)

Give everyone a few quiet minutes to come up with answers to the following three questions; then start with the brave one and proceed to the left:

1. Bests: Personal and Professional
2. Update: What's working / not working?
3. Expectations for this Session

Implementer checks in last

My Expectations for this Session (same as FD)

Open: open-minded and open with each other

Honest: in that it is important to "just say it"; get it on the table

LTM PAGES AND DIAGRAMS

The form is a worksheet titled "CHECK-IN" in a box at the top. Below the title are 15 horizontal lines for writing. At the bottom left is a logo for "CDS" with the text "Vision Building" to its right. At the bottom right, there is a small number "1" and some fine print.

CONCLUDE

Questions, comments, or concerns?

Listen carefully to their expectations and record them on the VB1 Debrief. Can I meet their expectations?

REVIEW THE FOCUS DAY TOOLS

OBJECTIVES

1. Make sure they clearly understand all 5 Focus Day Tools
2. Make sure they are on track for implementing at the leadership team level

TEACHING AND FACILITATION

Time: 3:30 Hours

- Mastery = understanding (common vocabulary) and implementing (fully integrated)
- You understand the tool and you are using it at the leadership team level

Hitting the Ceiling

Objectives:

1. Create context and a common language
 2. Get them to understand hitting the ceiling is inevitable
 3. Show them how the EOS Tools will strengthen each of the Five Leadership Abilities™
- Natural phenomenon, it's going to happen
 - The feeling of being stuck; revolutionary period; frustrated; things are complex and chaotic
 - **HITTING THE CEILING IS INEVITABLE**
 - Hitting the ceiling is a common language I need you to speak
 - Understanding the concept; implementation means speaking the language
 - To the degree the leadership team can develop five abilities, the company will break through the ceiling every single time
 - The ability to **SIMPLIFY** (tie to the EOS Process)
 - Summarized as less is more!
 - Not the 23, but the 3-7 most important things
 - Simplifying your messages and your processes

Focus Day

TEACHING AND FACILITATION

- Your job as a leadership team is to dumb the whole thing down
- Some people are genetically encoded to simplify; some to create complexity, we need both
- Less is more, dumb it down
- The ability to **DELEGATE**
 - Must delegate and elevate to unique ability
 - The Accountability Chart will be the ultimate tool for knowing when it's time to Delegate and Elevate™
- The ability to **PREDICT**

A leadership team predicts on two levels, long-term / short-term

- Long Term Predicting
Everything beyond 90 days, that's what the next 2 days are about (where we're going and how we're going to get there.) ‘
- Short Term Predicting
 - It's what you've been doing in that weekly Level 10 Meeting™
 - Solving issues today for the long-term greater good.
 - It's that IDS™ process
- The ability to **SYSTEMIZE**
 - Determining and agreeing on your 6-10 core processes (D2)
 - Then get those Core Processes Followed by All (FBA)
 - These 6-10 core processes become your way of doing business
 - You as a leadership team need to document them
 - Ultimately, we want to create consistency in the organization for more efficiency, fun and profitability
- The ability to **STRUCTURE**
 - In terms of where we are going
 - What is the right structure for your organization that gets you to the next level to crystallize roles and responsibilities, clarify who's accountable for what, so we can break through the ceiling and grow to the next level.
 - That leads us to our first tool, The Accountability Chart
- Questions, comments, or concerns?

TEACHING AND FACILITATION

Accountability Chart

The objective here is to get them to answer yes to all three questions or give them the clarity and hope that they will soon get there. The goal is mastery; understanding and implementation.

- Take 5 quiet minutes for everyone to review their Accountability Chart
- Answer three questions: (You must answer yes to all three for our work to be done)

1) Is this the right structure?

- Spend as much time as we need in this session to get them all to a yes, must get a yes in this session.
- Have we defined all the critical functions and roles to be our best?

2) Are all of the right people in the right seats?

- Create awareness and smoke out issues if we have a no
- Now that we've finalized the structure (always structure first)
 - Right people = Core Values
 - Right seat = GWC™
- If it's a no, it becomes an issue for the issues list

3) Does each person have enough time to do their job well?

- Until you solve your RPRS issues you will never have enough time.
- Not going to answer this today
- Step 1 – solve RPRS issues
- Step 2 – in VB2 I'm going to introduce you to a tool, the EOS® time management system that will help you solve the time issues that exist in this organization

Ultimately, we want to get you to three yeses.

Questions, comments, or concerns?

LTM PAGES AND DIAGRAMS

Illustrate their Accountability Chart, on the whiteboard function and name – no roles.

Circle seat issues on Accountability Chart and add to the Issues List.

TEACHING AND FACILITATION

Rocks

Objectives:

1. Make certain they see the power of Rocks
2. Show them a pure Rock review
3. Remind them that they need to be complete for VB2

Again, the goal is mastery; understanding and implementation

- Review Rock Sheet
 - Company Rocks first – On Track / Off Track (no commentary)
 - Individual Rocks next – On Track / Off Track (no commentary)
 - Off Tracks to L10 Issues List, then IDS (not in VB1 session)
 - Rocks you have questions on drop down to L10 Issues List
- Should take 3 minutes
- Questions, comments, or concerns?

The Meeting Pulse™

Objectives:

1. Make sure they are following The Level 10 Meeting agenda
 2. Review the flow and psychology of the “perfect” Level 10 Meeting
- Let me get all the way through, where you hear a disconnect, make a note, when finished I will open it up for questions.
 - Weekly pulse = same day, same time, same agenda, start on time, end on time.
 - Start on time
 - Segue – Good News (one personal; one professional)
 - Scorecard (On/Off Track)
 - No discussion, any issues “drop it down”
 - Rock Review – Company and Individual (On/Off Track)
 - No discussion, any issues “drop it down”
 - Customer/Employee Headlines – brief good / bad reports
 - No discussion, any issues “drop it down”
 - To Do List
 - To Do List review from last meeting (done/not done)

LTM PAGES AND DIAGRAMS

Distribute copies of Rock Sheet

Write L10 Agenda on board as you describe it

TEACHING AND FACILITATION

- 9 out of 10 should be dropping off the list
- Not done” tasks stay on the To Do List
- If 90% are not dropping off, there’s a problem
- IDS – tackle issues on the Issues List **(D3)**
 - Take 30 seconds to prioritize the three most pressing issues
 - Use the Issues Solving Track™ to IDS #1, then #2, then #3
 - 1- to 2-week action items go to the To Do List with accountability assigned
 - Unresolved issues carry over to next meeting
- Conclude
 - Review To Do List
 - Cascading Messages – who needs to know, when and how?
 - Rating
- End on time
- Questions, comments, or concerns?
(Is this working for all? Where do you need help?)

Scorecard

Objective: Push for next evolution of the Scorecard

- Is this a great scorecard?
 - Are these the right numbers? Are they giving you an absolute pulse on your business?
 - Make sure measurable, goals and owner are filled in and right
- If Scorecard hasn’t been created, refer to Scorecard section of the FD Guide.

TRANSITION TO VISION BUILDING

OBJECTIVES

Help them to understand why we do Traction first and Vision second.

TEACHING AND FACILITATION

Time: 10 Minutes (LTM 3)

Transition from Traction to Vision

- Our philosophy: TRACTION / VISION
 - Traction first / Vision second
 - Focus Day Tools are the foundation
 - Vision without traction is hallucination
- Simplified approach to strategic planning
 - V/TO – all in 2 pages / no 50-page plans
 - Unifying the company around The 8 Questions
- The Vision normally already exists in your heads

The problem – each has a different version, need to get you all to agree
- Everyone 100 % on the same page (most are not)
 - All energy going in one direction
 - All rowing in the same direction
 - Amazing things happen when your vision is clear
- Overview of The 8 Questions (LTM 4)

LTM PAGES AND DIAGRAMS

CONCLUDE

CORE VALUES

OBJECTIVES:

1. Create clear understanding of the power of Core Values
2. Discover their Core Values
3. Show how they apply to their organization through The People Analyzer

TEACHING AND FACILITATION

Time: 2 Hours (LTM 5)

Did everyone read the 2 articles?

- A small set of timeless guiding principles 3-7 is the rule of thumb. Less is more. It's easier to remember.
- They define your culture – who you are – what you stand for
- Define “the right people” for your organization
- Attract and repulse people
- Hire, fire, review, reward and recognize
- They are discovered
- Before we start, is everybody clear on what we are about to do?

EXERCISE – Discovering Your Core Values

- Each person take a few quiet minutes to think of three people that if you had 100 of them, you could take over the world
 - First look inside the organization, not at the leadership team level **(D4)**
 - Then look outside the organization
- List the names on the board
- Each person now take a few quiet minutes to list the characteristics that these people possess to describe why you picked them
- List all of the characteristics on the board
- Now look at list on LTM 6 and add any we missed

LTM PAGES AND DIAGRAMS

CORE VALUES

- A small set of essential and timeless guiding principles
- 3–7 is the rule; less is more
- They are what define your culture
- No two companies have the same
- They attract people to your organization

2nd Pass

- Discuss Lencioni's values traps before 2nd pass (from HBR article)
 - **Accidental** – arise spontaneously w/o leadership intent; values associated w/ past or present subset of organization
 - **Aspirational** – wish you had, but frankly you don't
 - **Permission to Play** – cookie cutter, non-differentiating, you and everyone else
- Keep, kill, combine as many times as it takes to discover the company's 3-7 core values
 - What do we want to surround ourselves with?
 - Can you hire, fire, review, reward and recognize people with these?
- Take a break now –
- Test these Core Values (**LTM 7**)
- During break write in core values across top of The People Analyzer
- Write in the names of each member of the leadership team in the left column starting with owners and Integrator
- Have each member take five quiet minutes to rate each leader
 - + = most of the time they exhibit this value
 - +/- = sometimes they exhibit it and sometimes they don't
 - - = most of the time they do not exhibit this value

- Unequivalently excellence
- Continually strive for perfection
- Wins
- Does the right thing
- Compassion
- Shows honesty and integrity
- Hungry for achievement
- Enthusiastic
- Encourages individual ability and creativity
- Maintains accountability
- Customer first
- Works hard
- Is never satisfied
- Is interested in continuous self-improvement
- Help first
- Exhibit professionalism
- Encourage individual initiative
- Growth-oriented
- Treats everyone with respect
- No entitlement
- Has creativity, dreams, and imagination
- No cynicism
- Humbly Confident
- Fanatical attention to consistency and detail
- No excuses
- Understand the value of reputation
- Fun
- Fair
- Encourage teamwork
- No Egoes
- No Drama
- High respect
- Tenacious
- Keep it real
- Genuine
- Authentic

[illegible]

TEACHING AND FACILITATION

- Go down list and have each person share their ratings and put the average on the board
- If everyone on the team is a +/-, probably not a core value
- Now test with one slam dunk right person and one slam dunk wrong person
- Set the bar / the standard for the company
 - How many +/- or – ratings can an employee have?
 - Don't get over analytical – keep it simple
 - VERY important to do the analysis as a leadership team to get a clearer picture
- Add GWC to the next three columns in The People Analyzer
 - Ratings are related to their roles on The Accountability Chart
 - Teach the bar (Yes, Yes, Yes)
 - We are just planting a seed, don't do GWC in session

HOMEWORK – Core Values (LTM 8)

Start communicating your Core Values (for now, keep it among the leaders)

- Good Parenting – Handful of rules (Core Values)
 - Communicated often (7 times) – starting with each other
 - Hire, fire, review, reward and recognize
- Appoint someone to write “The Speech”
 - Bullet point fashion on one page (trigger what to say), see the speech example (LTM 9)
 - Use for hiring
 - Clearly communicate your Core Values/who you are
 - People will select or deselect themselves 90% of the time
 - Better “hit” ratio
- Add Core Values to V/TO

THE SPEECH

Be humbly confident

- no arrogance
- know your stuff
- be vulnerable – you're not perfect

Grow or die

- more uncomfortable with the status quo than the prospect of change
- “Maximizer” (taking something strong to something superb)

Help first

- must provide value before receiving anything
- you get out of life what you want if you help enough people get what they want
- genuinely get a high from helping people

Do the right thing

- enter the danger
- no amount of money is worth betraying a trust
- if Mom were watching ...

Do what you say

- on time
- fully deliver
- it's okay to say no
- take the responsibility – blame no one
- finish what you start

CONCLUDE

Questions, comments, or concerns?

CORE FOCUS

OBJECTIVES:

1. Create a clear understanding of Core Focus
2. Discover their Core Focus
3. Help them clearly see what they should and shouldn't be doing

TEACHING AND FACILITATION

Time: 1:10 Hour (LTM 10)

Discovering Your Company's Sweet Spot

- Others call it mission statement, voice, hedgehog concept, unique ability
- We apologize for throwing another term at you, but we call it Core Focus because it comes from your core
- The analogy sweet spot refers to sports, if you hit a ball on the sweet spot of the racket or club it goes further, faster.
 - That's the purpose of Core Focus, to help you stay laser focused or keep your eye on the ball
 - Illustrate it with a ball (D6)
- We will need to agree and then focus on 2 truths about your business
 - Your Purpose / Cause / Passion
 - Your Niche
- Extra nuggets if they need more help
- One thing is certain in business
 - Companies and people lose focus; companies and people get off track
 - Organizations get distracted by what one of our clients calls, "Shiny Stuff"
 - Sometimes we even get a little cocky and think since we are succeeding in one area we can succeed anywhere
 - When things are really clicking for an organization, as Jim Collins says, you are more likely to die of indigestion of too many opportunities than you are of starvation of not enough (Good to Great)

LTM PAGES AND DIAGRAMS

CORE FOCUS™

Your Company's Sweet Spot

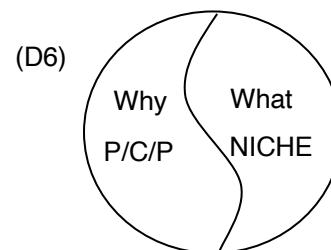

- Mission statement, voice, hedgehog concept, Unique Ability
- Agreement and focus on:
 - Purpose/cause/passion
 - Your niche
- Every decision must be made with your Core Focus™ in mind
- Filtering/Intenal guiding mechanism (shiny stuff)

Clarifying Your Core Focus™

1. What is your purpose/cause/passion?

2. What is your niche?

 Entrepreneur Operating System Vision Building™

TEACHING AND FACILITATION

- Your job as a leadership team is to determine what the organization's Core Focus is and stay focused on it
- As with your Core Values, your Core Focus already exists, waiting to be discovered and clarified
- Once your Core Focus is clear, every decision must be made with Core Focus in mind
- Your Core Focus becomes a filtering and guiding mechanism, we all get distracted by "shiny stuff"
- Extra nuggets if they need more help
 - Some things you are doing don't fit
 - Sometimes an entire division or product line doesn't fit; clients have eliminated entire divisions over this discovery and have excelled as a result of it
 - If something doesn't fit, stop doing it
- When your Core Values and Core Focus are clear, that's the soul of an organization

EXERCISE – Discovering Your Core Focus (LTM 10)

- Take five quiet minutes to answer: What is this organization's Purpose/Cause/Passion?
- What is this organization's niche?
- Have each person share their Purpose/Cause/Passion
 - Listen (capture key words on a notepad)
 - No discussion; just sharing
 - No writing on the board yet
 - See if something starts to surface
 - Stirring the pot and getting the juices flowing hearing each other
- See examples on LTM 11 (read the page)
- Usually can't tell what business they're in by their statement
 - It's bigger than what you do, it's why you do it
 - Examples are: (Read each example on the LTM page)
- There are 4 categories of Purpose/Cause/Passion
 - Solving

LTM PAGES AND DIAGRAMS

PURPOSE/CAUSE/PASSION

The organization's reason for being

- Comes from the leader
- Beyond money
- Ignites passion

Examples

- **Disney** – To make people happy
- **EOS Worldwide** – Helping people get what they want from their businesses
- **Mary Kay** – Give unlimited opportunity to women
- **Nike** – To experience the emotion of competition, winning, and crushing competitors
- **Spotify** – Unlock the potential of human creativity
- **Virgin Group** – Changing business for good
- **Capstone Publishing** – Help kids succeed by making learning fun
- **Digital Visitor** – Inspire people to do things worth doing
- **Federated Service Solutions** – Helping businesses do business better
- **Interum** – Delivering environments that inspire work, learning, healing
- **Olam** – Reimagine global agriculture and food systems

10-YEAR TARGET

OBJECTIVE

To crystallize the number one goal for the organization in the next 5 to 30 years

TEACHING AND FACILITATION

Time: 30 Minutes (LTM 14)

This is what you want from your business:

- Read the bullets on the LTM page out loud
- Read each example on the LTM page out loud

EXERCISE – Defining Your 10-Year Target

- Someone take a shot over the bow
- What is the #1 goal of this organization? What are we working toward?
- If they are stuck have them:
 - First pick the timeframe
 - If still stuck then pick a revenue number
- Open it up for dialogue, then facilitate to conclusion if possible
- If still stuck probably have hit 30 minutes and will come back to it each session until you nail it
- Make it S.M.A.R.T.
